Major Changes Ahead...Ensure SNF Success

The transition from a therapy driven payment model to the "Patient Driven Payment Model" on 10/1/19 will be a challenge for Rehab Managers.

Since the onset of PPS, Value Based Purchasing, Quality Reporting, QM's and MDS Coding have all taken a back seat to therapy RUG management. When therapy minutes are no longer a driving factor, [ensure your Rehab Managers have the info they need to help your facility succeed!](#)

Our sought after Rehab Manager Training Program is now available to everyone via our [on-line series](#).

This 9 course series will be held on-line from the comfort of your office. This classroom style approach will provide individualized attention to participants as we review the key topics for long-term care success.

These are NOT just webinars....they include the opportunity for [live Q&A interaction](#) throughout the series.

Upon completion of the series, your Rehab Manager will have detailed resources in all areas of management and compliance, and will be in a better position to [help your organization achieve its' goals!](#)

*"I've been a Rehab Manager for 20+ yrs & I still had many "A-ha" moments!"
"Every Therapy Manager should be required to take it!"
"Met my expectations and more! I wish I could bring you back to my facility."
"Provided clarification on several points of uncertainty."
"Excellent courses! Thank you for collecting the info we need to be successful AND ethical."
"No employer has ever taught me these rules. Seeing the big picture helps make sense of it all and will make me a better manager."
"This information is not taught in school. Thank you for being a great resource for therapy professionals."*

What past participants had to say about our Rehab Manager Training Courses...

Courses will be released the 1st of each month. 3+ weeks allowed for review of the material, followed by a live review session with Q&A

We will be with you every step of the way!
